

hartte MG

model MG280S

The Hartte MG series electromagnetic locks are recommended for access control systems. For indoor use.

Characteristics:

- fail-safe NO (normally open)
- LED signalization
- dimensions: 250 x 49 x 25 mm
- plate dimensions: 180 x 38.3 x 12.9 mm
- holding force: 2800 N (ca. 280 kg)
- for surface mounting
- temp. range -10°C to +55°C

Available brackets:

- L-type – MG280L
- ZL-type – MG280ZL
- U-type – MG280U
- I-type – MG280I

CATEGORY

12/24V DC
